Section 25205.16	<ul style="list-style-type: none">• Verify the accuracy of the information associated with the ID number.• Required filers must complete the questionnaire to keep an active ID number status.

Who is required to file the 2024 VQ?

Any hazardous waste handler with a hazardous waste ID number with active status at any time during the 2023 calendar year.

Any hazardous waste handler that shipped hazardous waste using their ID number during the 2023 calendar year.

* The word “handler” here refers to any hazardous waste generator, transporter, universal waste handler, or permitted treatment, storage, transfer, or disposal facility that handles hazardous waste.

Exemptions for the 2024 VQ

ID numbers that were inactivated any time between January 1 - June 30, 2023, and had 0 hazardous waste manifests in the 2023 calendar year.

Temporary hazardous waste ID numbers that generated less than 5 tons of hazardous waste in the 2023 calendar year.

What is the purpose of the Annual ID Number Verification Questionnaire?

Anyone who generates, transports, offers for transport, treats, stores, or disposes of hazardous waste must have a hazardous waste identification (ID) number, which is used to identify the hazardous waste handler and track the hazardous waste from the point of origin to its final disposal ("cradle to grave"). The purpose of this verification is to ensure that the information on record for the EPA ID Number is correct and current.

The annual Verification Questionnaire for hazardous waste ID numbers and hazardous waste manifests is provided by Health & Safety Code section 25269.10. Any questions regarding the eVQ system should be directed to the following:

2023 eVQ Reporting Cycle vs. 2024 eVQ reporting Cycle	
Hazardous Waste Manifest Verification only allows verification of the manifest count from the 2022 calendar year.	Manifested Waste Verification allows verification of the manifest tonnage from the 2023 calendar year.
Household hazardous waste ID numbers (CAH-prefixed) were exempt from 2023 and previous eVQ report cycles.	Household hazardous waste ID numbers (CAH-prefixed) will have to report for this year's eVQ cycle.

Preliminary Questions

eVQ Electronic Verification Questionnaire

Your 2024 verification status is: **In Progress**

Answer all of these preliminary questions, as your responses will determine which eVQ steps you must complete. If you have any questions, contact us at eVQ@dtsc.ca.gov or (877) 454-4012.

1. Are you a homeowner who received an ID number from a third party in order to remove waste, such as asbestos?* Yes No

2. Did your business change locations?* Yes No

3. Did your business change ownership?* Yes No

4. Do you have multiple ID numbers?* Yes No

5. Did you generate any waste for which a Uniform Hazardous Waste Manifest ([U.S. EPA Form 8700-22](#)) was not required? Examples include universal waste or treated wood waste.* Yes No

6a. Did you generate five or more tons of hazardous waste in the 2023 calendar year for one or more of the ID numbers in your account? * Yes No

6b. Are you claiming a [Generation and Handling \(G&H\) Fee exemption or deduction](#) for your generated waste? * Yes No

7. Did your business participate in collection activities, such as consolidated manifesting (Health and Safety Code section [25160.2](#))? * Yes No

Unmanifested Hazardous Waste

(Preliminary Question #5)

Types of Reportable Unmanifested Hazardous Waste

- Universal waste
- Treated wood waste
- On-site treatment of waste to be non-hazardous
- Other hazardous waste that is not tracked on a Uniform Hazardous Waste Manifest (EPA Form 8700-22)

Unmanifested Hazardous Waste

(Preliminary Question #5)

Types of Non-reportable Unmanifested Waste

- Non-hazardous waste
- Medical waste regulated by the California Department of Public Health

Consolidated Manifesting Procedure

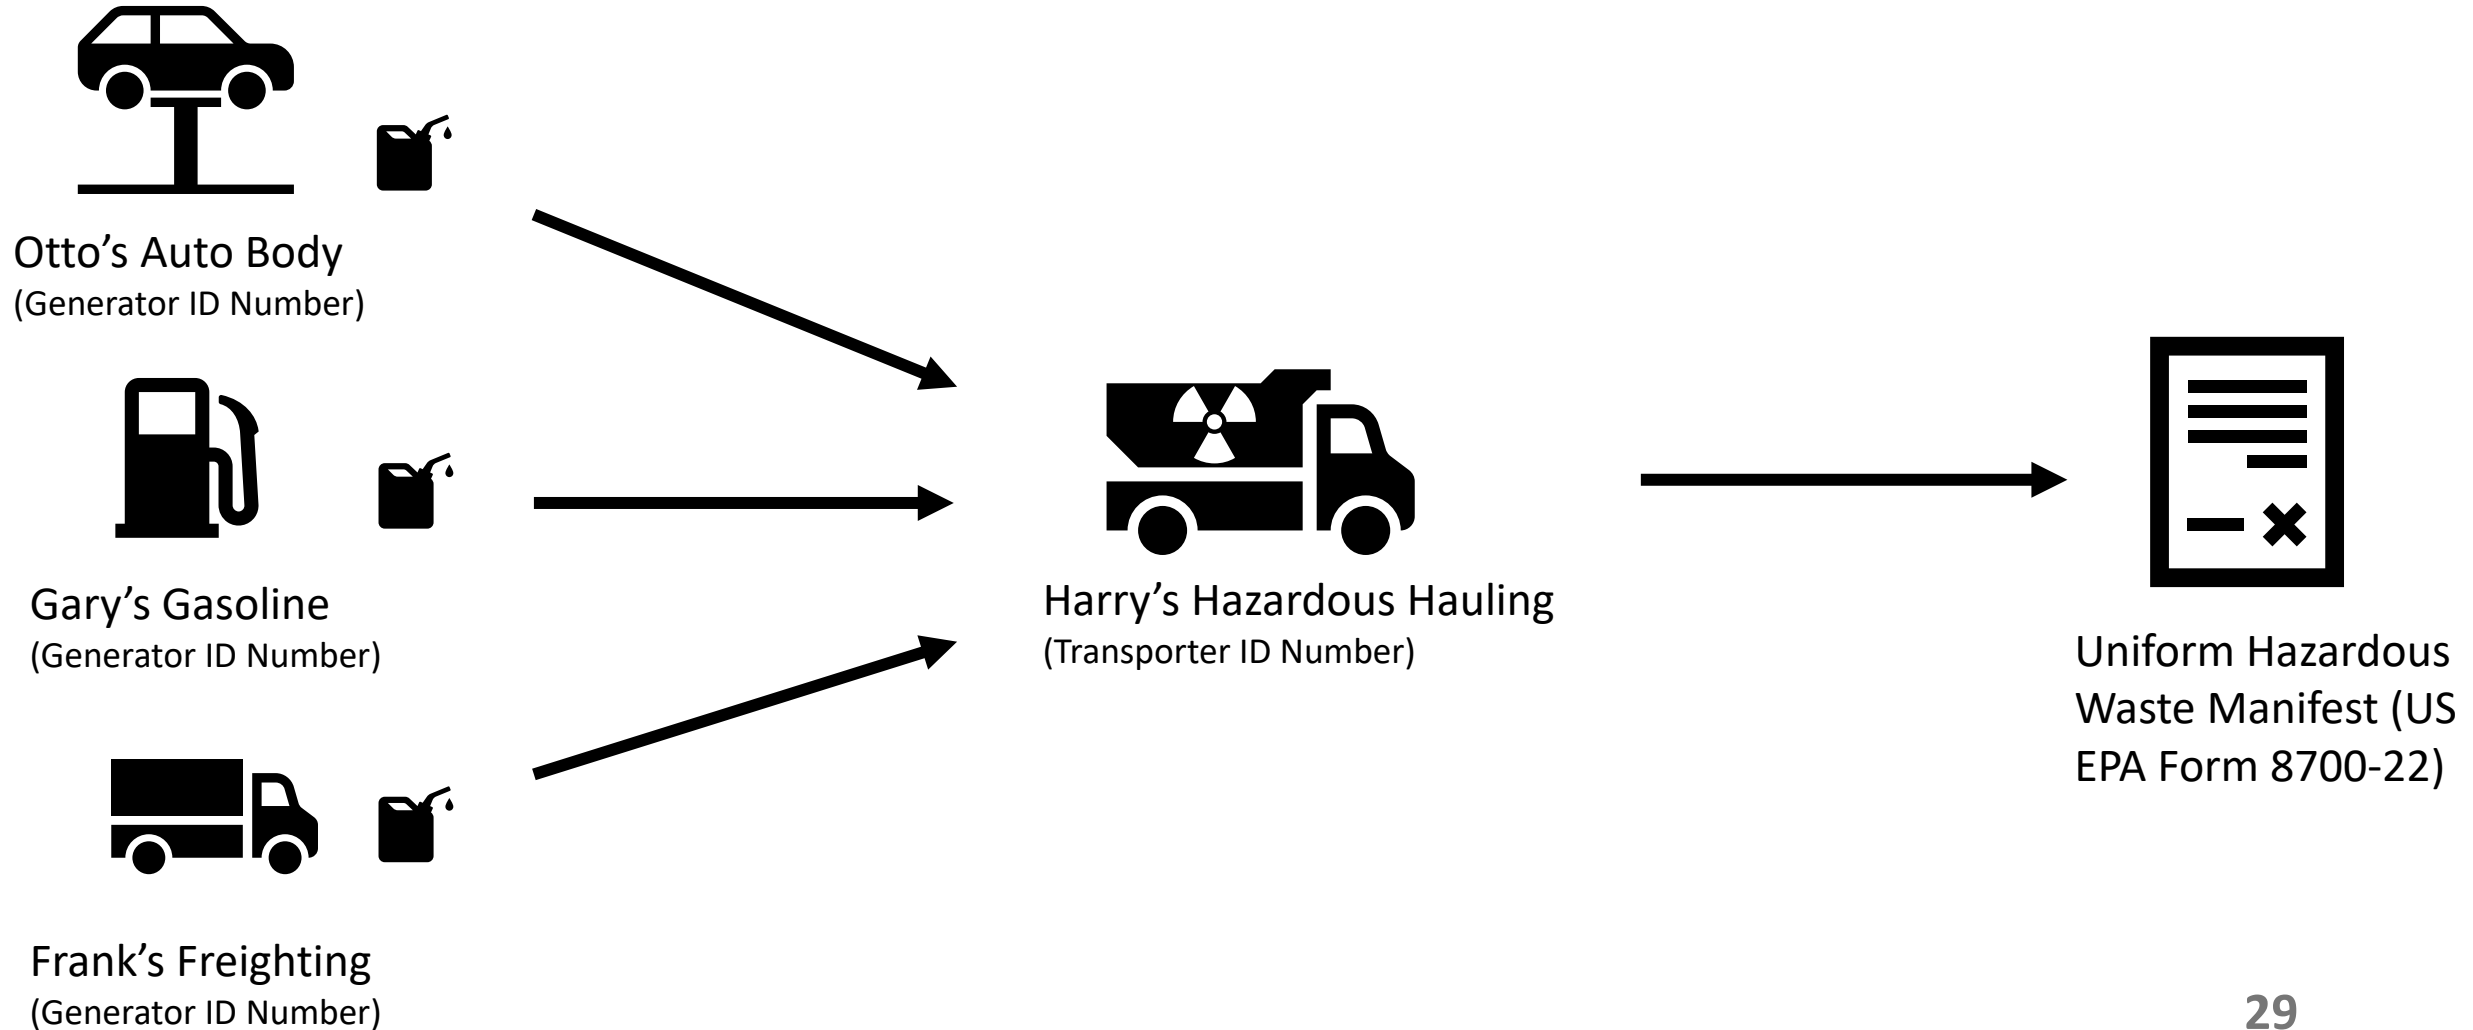

(Preliminary Question #7)

What is the consolidated manifesting procedure?

- Allows certain registered hazardous waste transporters to combine specified wastes from multiple eligible generators on a single manifest, rather than using a separate manifest from each generator.
- Generators that use transporters that follow the consolidated manifesting procedure are exempt from filling out a hazardous waste manifest. The consolidated transporter completes both the generator and the transporter sections of the manifest and provides the generator a receipt of this activity.
 - Per California HSC 25160.2(b)(3)(4), generators must keep all copies of the consolidated manifest receipts for at least three years from the date of shipment of the hazardous waste, and each receipt from the transporter should contain the manifest number on it.
- Formerly known as modified manifesting or “milk runs.”

Consolidated Manifesting Procedure

(Preliminary Question #7)

9-Step Questionnaire Overview

Step 5: Unmanifested Hazardous Waste Reporting

Required if you answered yes to Preliminary Question #5.

1. Select ID number or add site/facility name that generated unmanifested waste.
2. Add your unmanifested waste line(s) for the ID number or site.
3. Repeat steps 1 and 2 as needed.
4. Click “Save and Go to Step 6.”

Step 5: Unmanifested Hazardous Waste Reporting

On this step, you will provide information about *hazardous* waste that is unmanifested. Do not report unmanifested *non-hazardous* waste here. Unmanifested *hazardous* waste is waste that was not recorded on a Uniform Hazardous Waste Manifest ([US EPA Form 8700-22](#)). Examples include [universal waste](#) and [treated wood waste](#). To declare unmanifested *hazardous* waste, select your ID number from the drop-down list, then click the **add** button. If the site or facility does not have an ID number, enter the facility name and/or site address instead, then click the **add** button. After you have added an ID number or entered the facility name and/or site address, you will be directed to another page which will allow you to select the waste type and enter the total tonnage. Any universal waste and [onsite treatment to be non-hazardous waste](#) reported in this step is not subject to the G&H Fee.

Select an ID number or Enter a facility name and/or site address

No unmanifested waste has been reported for your account.

Step 6: G&H Fee Account Number

Required if you answered yes to Preliminary Question #5.

- If you are waiting for your G&H Fee Account Number, you can:
 - Complete the questionnaire and use “55555555” as a placeholder for your number. Once you receive your number, contact the eVQ Help Desk to have your steps reset so you can add the number.
 - Wait until you receive your account number and complete your questionnaire after you’ve received it.

[Back to VQ Menu](#) | [Step 1](#) | [Step 2](#) | [Step 3](#) | [Step 4](#) | [Step 5](#)

▶ Step 6: CDTFA G&H Fee Account Number

Enter your California Department of Tax and Fee Administration (CDTFA) Generation and Handling (G&H) Fee Account Number for each ID Number listed below that is required to have a number. Since you answered "yes" to preliminary question 6a, at least one or more of your ID numbers needs to have a G&H Fee Account Number. The G&H Fee Account Number is typically nine digits long with no letters, spaces, or dashes. If you have an account number that is less than nine digits long, add a zero in front of the first nonzero digit. For example, if your G&H Fee Account Number is 55-999000, you'll enter 055999000 in this field. The fee applies to each generator of hazardous waste, at each generation site, that generates five or more tons of hazardous waste within a given calendar year. This includes recycled waste, treated wood waste, and waste sent outside of California for disposal. If you need a G&H Fee Account Number, visit the [CDTFA website](#) or call (800) 400-7115 for more information.

Step 7: G&H Fee Exemptions and Deductions

Required if you answered yes to Preliminary Question #6a and #6b.

Universal waste and waste that had on-site treatment to be nonhazardous are reported in Step 5 and do not need to be reported here.

▶ Step 7: G&H Fee Exemptions and Deductions

There are [11 exemptions and deductions](#) from the Generation and Handling (G&H) Fee (see below). Exempt waste is generated waste that is exempt from the G&H Fee. For each exemption or deduction claimed, identify the ID number(s) associated with that respective exemption or deduction, then enter the total tonnage of exempt or deducted waste. Enter the tonnage rounded to the nearest hundredth.

Required if you answered “yes” to Preliminary Question #7.

1. Answer the initial questions.
2. Complete the applicable generator or transporter tables that appear as a result of what you answered in Question 1.A.
3. Click “Save and Go to Step 9.”

Question 1: Did you participate in consolidated manifesting procedures as defined in [Health and Safety Code section 25160.2?](#) * Yes No

Question 1. A: Are you the transporter of the waste or the generator of the waste? Note: Although the transporter appears as the generator on the manifest, the transporter is not the actual generator of the waste. * Generator Transporter

For more information, contact fees@dtsc.ca.gov or the California Department of Tax and Fee Administration (CDTFA) at (800) 400-7115. The G&H Fee is imposed as a flat rate per ton, or fraction of a ton, on the manifested and unmanifested hazardous waste. Sites that generate 5 or more tons of hazardous waste in a calendar year are subject to the fee. The G&H Fee is administered and collected by the CDTFA. All generators who generate 5 or more tons of hazardous waste in the prior calendar year must register and file a return with [CDTFA](#) on their website. For additional information on the G&H Fee, visit [CDTFA's Hazardous Waste Generation and Handling Fee page](#) and [DTSC's Generation and Handling Fee page](#).

- Take the eVQ user survey.

The screenshot shows the eVQ Electronic Verification Questionnaire interface. At the top, the logo 'eVQ Electronic Verification Questionnaire' is displayed. On the right, there are navigation links: 'Main Menu', 'User Profile', 'Contact Us', and 'Log Out'. Below the header, a status message reads 'Your 2024 verification status is: Complete'. A link 'Back to VQ Menu' is provided. The main heading is 'VQ Summary'. Below this, a row of buttons includes 'Print This Page', 'Take Survey', 'Return to Main Menu', and 'Export to Excel'. The 'Export to Excel' button is highlighted with a green border. Below the buttons is a table with contact information.
