

Storm Water Services

“We Lay the Groundwork for Success”

Overview

Condor Earth Technologies, Inc. (Condor) maintains a team of professional geologists, engineers, and field technicians, who provide a full range of storm water services for municipalities, industrial facilities, and construction sites. We help our clients navigate General Storm Water Permit compliance requirements through development of permit registration documents (PRDs), by providing guidance on proper Storm Water Pollution

Prevention Plan (SWPPP) implementation, by providing effectiveness evaluations of Best Management Practice (BMP) controls and strategies, and technical/regulatory reporting. Our experience includes site evaluations for Notice of Non-Applicability (NONA) eligibility and supporting clients' activities in response to Clean Water Act (CWA) citizen suits.
